

REPUBLIC TEAM BADLY DEFEATED

Monett Wins by Score of 94 to 0, Making Third Conference Game To Our Credit.

By Burt Johnson

Republic high school went home Friday night with a bad defeat at the hands of Monett, to their credit. At the end of the game the score stood 94 to 0 in favor of Monett. A large crowd was on hand to witness the game. The student body also turned out better than they have any time this year. This is the third conference game Monett has won this season, all by the whitewash method.

The work of any man of the Monett team would easily have made him a star of the game on an ordinary team. However, the most conspicuous players were Miller, Young, Chumbley, M. Reynaud, Henderson and W. Reynaud. The other players, Witte, Mourglia, Black, Cuendet, Howerton, Russom and McMahon, played exceptionally good games on both the offense and defense. A remarkable part of W. Reynaud's performance was kicking ten goals out of thirteen attempts. M. Reynaud managed the team in the same brilliant manner as usual. Henderson did good passing and running.

The three line men, Chumbley, Miller and Young, broke up most of the visitors' plays before they were fairly started. They also displayed good work on the offensive. Republic's mainstays were Neale, Sweeney and M. Neale.

The visitors were able to make their downs but a few times, while the local boys made a success of any style of play they attempted. Except for few occasions the line plunge was not employed. The open style was more favorable. The forward pass and end runs netted big gains for Monett. Republic was unable to solve Monett's trick plays. Following is the score by quarters:

First quarter—Henderson, 6; W. Reynaud, 6; W. Reynaud kicked two goals; score 14.

Second quarter—W. Reynaud, two goals, 12; Miller, 6; W. Reynaud kicked two goals; score, 20.

Third quarter—Henderson two goals, 12; M. Reynaud, 6; W. Reynaud kicked three goals; score 21.

Fourth quarter—W. Reynaud, 6; M. Reynaud, 6; Chumbley, 6; W. Reynaud, 6; Miller, 6; W. Reynaud, 6; W. Reynaud kicked three goals; score, 39. Total, 94.

Following is the line-up:

Monett	position	Republic
Miller	r. end	Paine
Young	r. tackle	Hart
Mourglia	r. guard	Logan
Witte	center	Land
Black	l. guard	Debord
Cuendet	l. tackle	Sweeney
Chumbley	l. end	Neale
M. Reynaud	q. back	Mitchell
Henderson	f. back	Eagans
Russom	l. half	M. Neale
W. Reynaud	r. half	Inglor

Howerton and McMahon substituted for Monett. Substitutes for Republic were Ready, Barbaret and Mills. The referee was Blair from Springfield.

BIG LAKE TO BE MADE AT ROARING RIVER

Bert Robbins, civil engineer, who has been platting town lots at the Roaring River resort, has completed this work and is now ready to begin surveying for a big dam to be constructed across the river to form a large lake.

Mr. Robbins said that the dam would be constructed about half a mile below the hotel where two valleys converge. The lake will be half a mile long and will extend back to the hotel.

This will increase Roaring River's value as a summer resort and will add boating and other amusements to the other attractions of this popular pleasure ground.

COMPLETE SALVATION ARMY DRIVE

The American Legion members, who assisted in the Salvation Army drive at this place, have completed their work. Monett citizens contributed about \$250 in this work.

The impostor, who represented himself to be soliciting funds for this drive, the week before it was officially launched, was found to have covered several streets and to have received a large donation from our citizens, which he kept for his own use. This cut down the legitimate drive considerably.

It was found that the man had worked the same scheme at Aurora.

DISASTROUS FIRE HITS PARIS, TEXAS

Night of Terror Experienced by Citizens—Flames Start in Business Section and Spread to Residences.

Paris, Tex., Oct. 15.—Fire which raged five hours in the business section here last night and spread into two residential sections, was brought under control at 4 o'clock this morning. It was a night of terror for citizens and was a repetition on a smaller scale of the conflagration exactly six years ago. The loss probably will be around one million dollars.

Shortly after the flames struck the residence section, four dwellings on Bonham street and a large two story residence on Graham street had been consumed. Ten residences were burned. There was much excitement and numerous trucks were hastily loaded with household goods to be rushed to places of safety. Scores of families in the threatened area removed their furniture to the lawns.

Six years ago last night Paris was swept by the most disastrous fire in its history, the loss reaching into millions of dollars. Strangely enough last night also marked the closing of a Lamar county centennial celebration the concluding act of which was the "burning of Paris" reproduced pyrotechnically.

Property destroyed included the Rogers-Wade building, Southwestern Telephone Company offices, three stores of the Rogers-Wade company on Grand avenue; Hicks & Haeckle grocery, Paris Hardware Company store and Humphreys wagon yard.

Much fire and water damage was done to property surrounding the destroyed structures.

Wire communication was badly interrupted by the fire and connection with the outside intermittent. Fire fighting apparatus from Bonham and Honey Grove, Tex., and Hugo, Okla., were hurried here to assist in checking the flames. The blaze originated from an undetermined cause in the Rogers-Wade Furniture Company's building, a five-story structure in the heart of the business district.

Destroying that building, the flames swept northwest into the residence dwellings on Bonham and Graham streets, five blocks distant from the fire's origin.

BIG FIRE AT PARIS, TEXAS

The Rogers-Wade wholesale furniture store burned at Paris, Texas, Friday night. W. F. Landrum, mail clerk from Monett to Paris, said that when he left Paris at 11:30 o'clock Friday night, the big building was in a mass of flames. The building was 200 feet square and five stories high of brick construction. The fire was caused by a short circuit in the basement. The loss will probably reach more than a half million dollars.

The Rogers-Wade building escaped the disastrous fire of five years ago. The company, in thankfulness for its escape from the disaster, cancelled the bills of many of those who were in debt to them.

Mr. Landrum said that the fire was tending to the north and west and his tending to the north and west when his threatened to spread to buildings nearby.

RAIL STRIKE TO BEGIN OCTOBER 30

2,000,000 Men Will Quit in Four Groups at 48-Hour Intervals Instead of 24 as Planned.

Chicago, Ill., October 16.—Final arrangements for a general railroad strike intended to tie up the nation's transportation system through a walkout of the 2,000,000 employees rapidly were nearing completion tonight, with the day's developments bringing two important changes in the original plans. Foremost among these was a decision not to include the Pennsylvania lines and the Erie Railroad in the group of carriers on which the first walkout is scheduled.

The San Diego and Arizona Railroad was added to the first of the four groups, into which the unions have divided the roads for strike purposes, and it was decided to order the three succeeding groups out at forty-eight-hour intervals instead of twenty-four hours apart. Under this plan, with the men on the roads in group No. 1 walking out October 30, the strike would be in full effect November 5.

By midnight tonight Chicago had been deserted by virtually all leaders of the big four brotherhoods and the Switchmen's Union of North America the organizations in which an official strike call actually has been issued and the hub of the situation was being transferred to Cleveland, where the president of these five unions will meet Tuesday to complete the grouping of railroads and settle final details of the proposed walkout.

DURNIL DRY GOODS STORE STAGES FASHION SHOW

One of the largest crowds that has ever been in the Rialto Theatre was assembled Friday evening to view the Fashion Show, staged by the Durnil Dry Goods company. The crowd was estimated at between 800 and 900 people. Many were turned away because they could not secure seats.

Fourteen living models displayed 34 complete changes of coats, suits, dresses, hats and slippers. Each embodied all the luxury and beauty of an unusually luxurious season, and they brought exclamations of admiration from the spectators.

The suits were for street, afternoon and evening wear for the miss and matron, and were heavily trimmed in fur and embroidery. The materials of the suits and coats were of marvellous cloth, Polyantha, mousayne, darentine, Ylana cloth, Hudson seal and mink coats were also worn. The furs on the coats and suits in vogue this season, according to last night's display are the squirrel, wolf and mole skins.

The Betty Wales street frocks worn by the models were the loveliest that have been seen this season. Materials of poret twill, tricotine, canton crepe, chiffon costume cloth predominated, and were tastefully put with the long waistline, or with narrow belt or the favorite sashes with elaborate tassels or fringe. The trimmings were in red canton crepe on the dark blue, military braids in the narrow and very wide, jade green, black patent leather and embroidery. It was noticed that several of the street frocks were slightly longer in length than was worn earlier in the season. Some very smart high neck dresses were shown. Blue predominated. The Jenny sleeves were featured in a number of the dresses.

Two "Miss Saratoga" middle suits were shown, one in dark blue and the other black and white checks, with red ties. The skirts were plaited.

The display of evening gowns were beautiful. To describe each exquisite costume in detail would be impossible. But in general the gowns were of delicate shades of pink, light and dark blue and white net, black charmeuse satin trimmed with black imported lace and French flowers. The light colored dresses were caught at the sides with dainty artificial flowers, or clusters of buds were at the belt.

Black predominated in the hat display, although brown and blue were noticeable.

The garments for the younger set—little tots of perhaps 8 or 10 years—were lovely. The little models wore their small dresses and coats with the poise which many older person might have envied. Their dresses were of white organdies daintily trimmed. The hats displayed by them were in blues and blacks, of beaver and hatter's plush. The coats were of plush, polo cloth, velour and chinilla.

One of the prominent features of the style review was the dainty and beautiful hair dressing. Miss Agnes Karberg, of Chicago, dressed the hair of each of the models. The furniture used for the stage setting was contributed by the Callaway Furniture store.

The models who took part in the Style Show were: Mrs. Hulda Reeves, Mrs. Von Todisman, Mrs. W. C. Myers; Misses Ethel Martin, Ada Riggs, Loretta Henry, Bess Dewine, Fern Heyburn, Florence Hobbs, Faye Baum, Mary Elizabeth Davis, Isabelle Salzer, Marjorie Salzer and Cecil Masoner.

CRISIS NEAR IN RAILROAD SITUATION

Executives Announce They Will Seek Further Cut in Wages.

Chicago, Oct. 14.—The gap of industrial difficulties between the nation's railroads and their employees was widened tonight when the roads announced that they would seek a new reduction in employees' wages and then flatly rejected a request from the unions that the matter be postponed temporarily. At the same time the roads announced that while future wage reductions would result in lower freight and passenger rates, to change the present rates without reduction in wages would throw them into bankruptcy.

Coming on the heels of announcements by the railroad unions that 80 per cent of their men had voted to strike rather than accept an already authorized wage cut of 12½ per cent, today's developments were declared by leaders on both sides to have brought the transportation situation nearer a crisis.
